MANGALURU 575003

ECO CLUB

2018-2023

Aims:

To foster awareness and action towards biodiversity conservation and local environmental issues, cultivating a culture of cleanliness and environmental responsibility among students through various activities and initiatives.

Objectives:

- To organise programs and workshops to create an awareness among the students and staffs to promote sustainable environment practices.
- Educate the general public about the importance of preserving the natural environment through extension activities.
- Engage students in waste management programs to promote sustainable practices.
- Inspire students to pursue scientific inquiry into environmental issues, fostering a proactive approach to tackling environmental challenges.

2022-2023

1. E-waste Campaign

The Eco Club at our college organized an Electronic Waste Campaign on February 27, 2023, with the aim of raising awareness about the proper disposal of electronic waste and encouraging responsible recycling practices among students and staff. The primary objective of the campaign was to collect electronic waste from the college community and ensure its proper disposal to minimize environmental impact. A designated collection bin was placed at the college entrance to facilitate the easy disposal of electronic waste items. The bin was prominently labelled and clearly marked to ensure that participants could easily identify it.

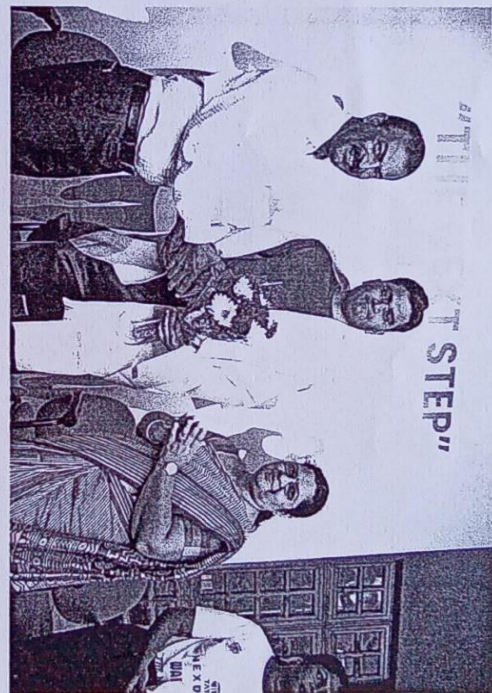

2. Promoting use of EV- Walkathon

The Eco Club organized "Walkathon - The Next Step" on March 1, 2023, with a primary aim to raise awareness about the detrimental effects of pollution caused by petroleum vehicles and to encourage the adoption of electric vehicles (EVs) as a sustainable alternative. The event commenced with a gathering of enthusiastic participants at the designated starting point. Participants were briefed about the environmental implications of reliance on petroleum vehicles and the benefits of transitioning to EVs.

Total students participated in Walkathon
The Next Step is 300 / —

4. Eco workshop

- ECO WORKSHOP 2022 – 4TH EVENT

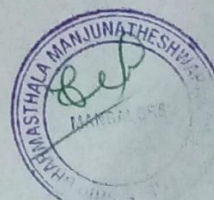

On 29th July of 2022 ,Eco club organized One Day Educational visit and workshop to VARANASI Organic Farm. Nearly % of our Students were participated.

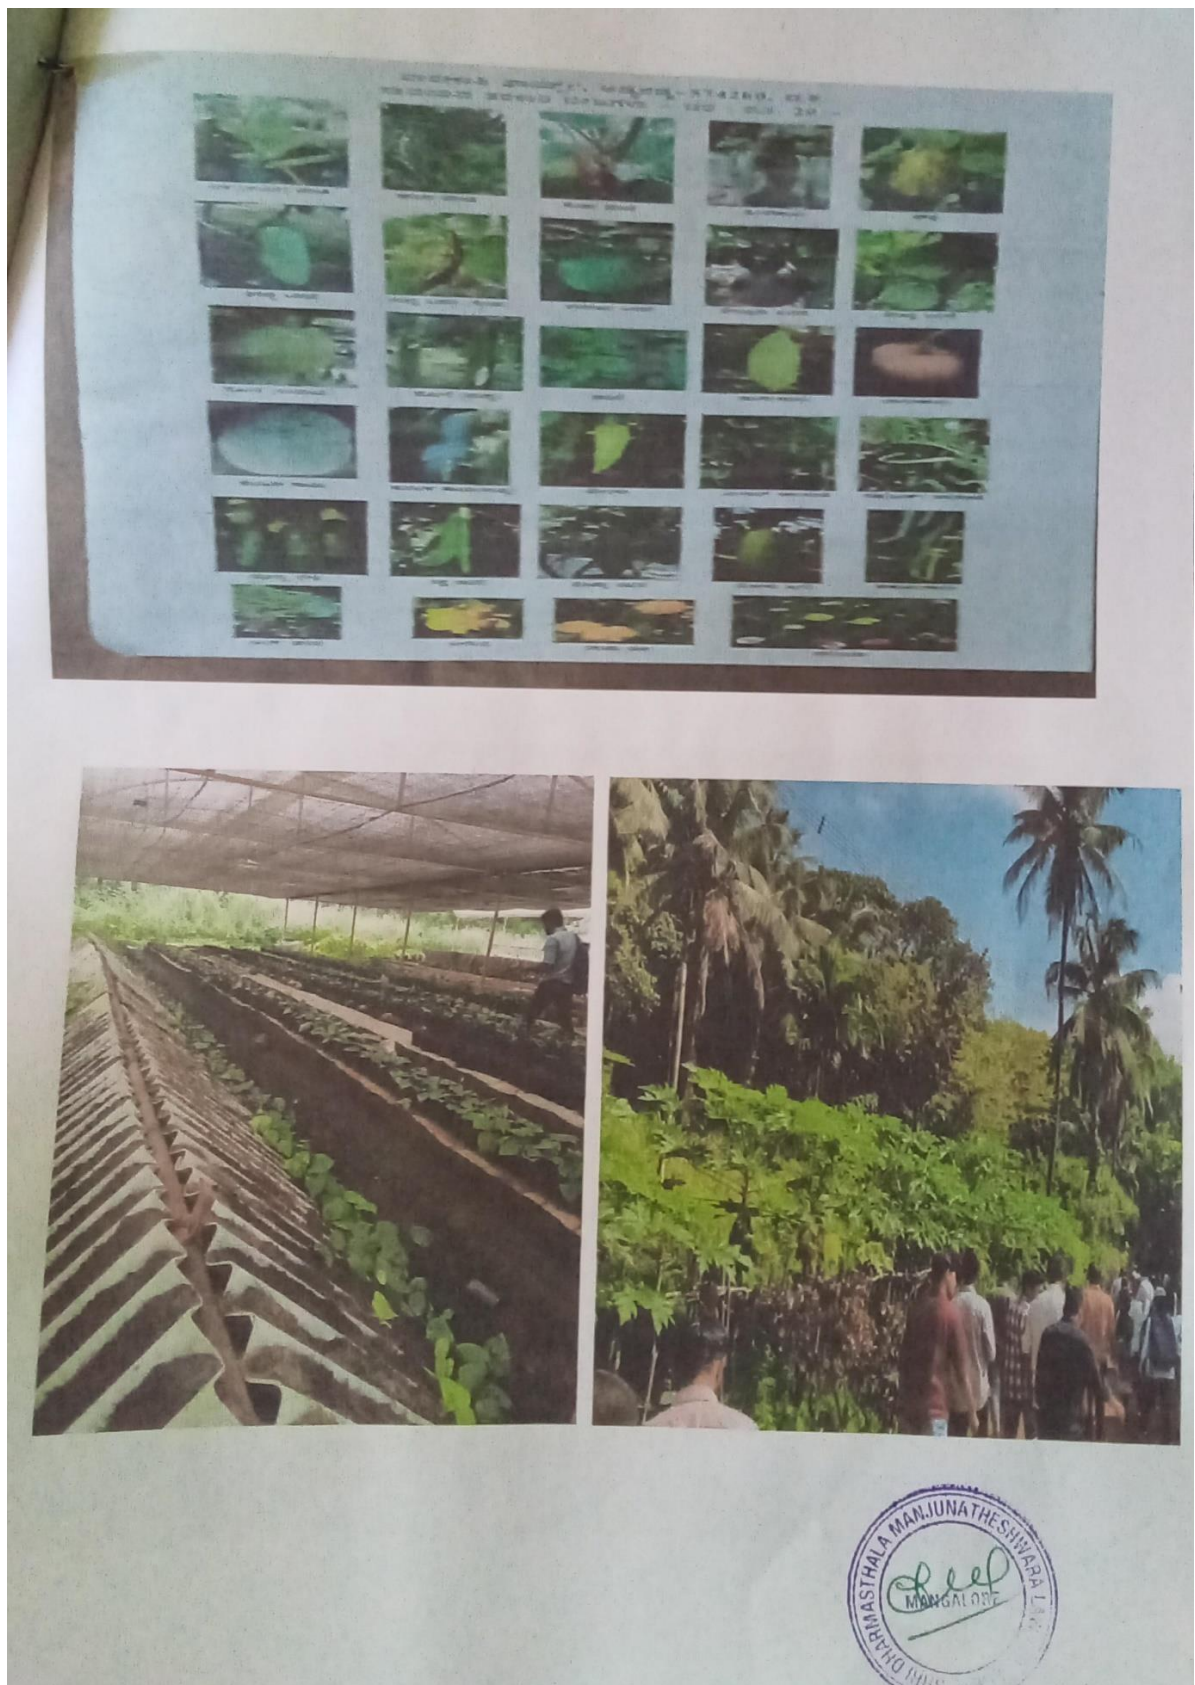

We left college premises by 8 a.m by 9.50 a.m and we reached the destination.

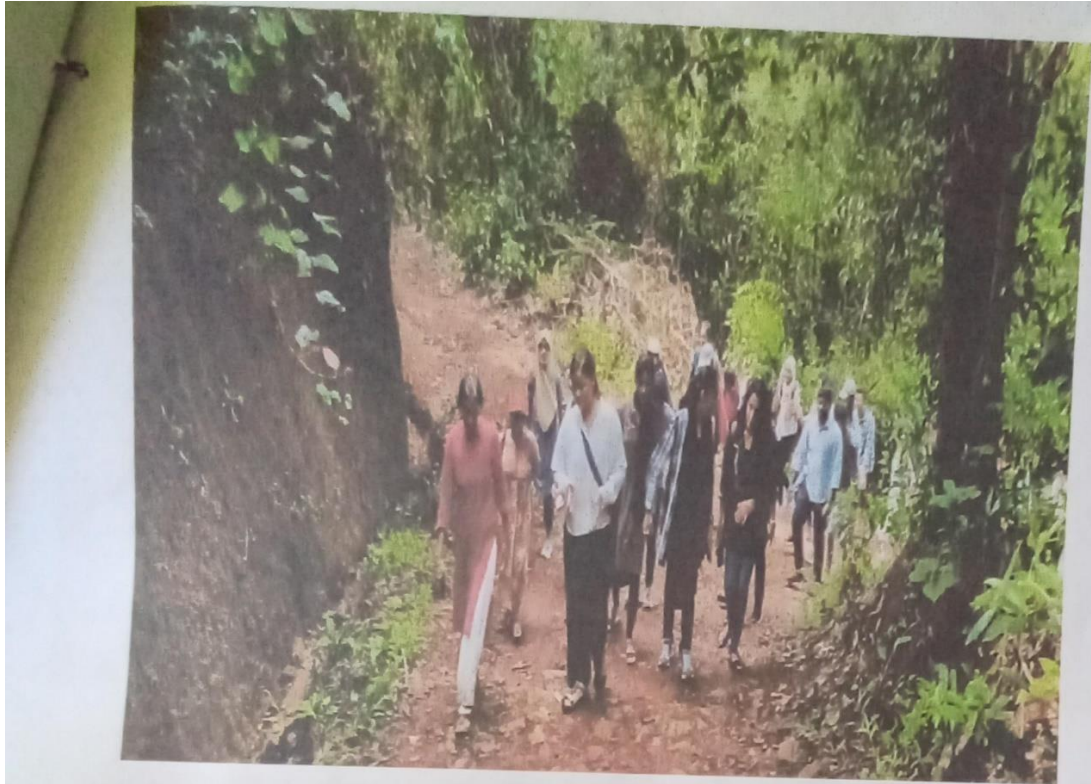

We were received by Dr.Ashwini K.M microbiologist , the resource person for the workshop.

Introduction about multicrop farming and the entire idea of organic farms was discussed students students were taken to te cafeteria for breakfast.

1. Water harvesting – natural mode of water course created for the supply of the water through out the farm was explained. natural rain water course created, distribution of water and utilization of water by the plants and trees concepts was discussed.
2. Areca nut farms, cocoa farms. Jack fruit farms(different variety) plus medicinal plants , vegetables farming was explained and there was hands on experience.
3. The manure and organic compost making was explained.
4. The usage of coconut coir for the purpose of water observation at the grass roots and its importance was explained
5. Bee hive farming – yield was explained.
6. There was opportunity to explore tree houses.
7. The explanation was given on the importance of natural ponds about the microbial functions which helps to maintain the purity of water naturally.
8. Cattle rearing and the dairy producing usage as a profit-making business was explained. It was a huge farm it took us a lot of walk all over, but though it was greatly tiring but it was amazingly enriching experience.

5. Eco visit- World Environment day

- **ECO VISIT- WORLD ENVIRONMENT DAY – 3RD EVENT**

On 5TH OF June 2022 on the occasion of world Environment day , eco club organized eco exploring visit which was held in BUTTERFly park which is recognized globally. It is an enclosed butterfly reserve set in mountain foothills , with numerous species in natural habitats which is situated at beluvai , Moodabidre and it is owned and managed by Mr.Sammilan Shetty IT engineer and the passionate environmentalist.As a mark of environment day a sapling was planted at butterfly park premises and enriched knowledge was shared among the students which enhanced the love towards beautiful species of the earth which is the major component of a natural habitat.
